

Chapter II - Prohibited AI Practices

Article 5

Page 1 of 2: Prohibited Practices 1-4

1

Manipulative or Deceptive AI

AI that uses subliminal, manipulative, or deceptive techniques to distort behaviour and cause significant harm.

2

Exploitation of Vulnerabilities

AI exploiting vulnerabilities due to age, disability, or social/economic situation to manipulate behaviour harmfully.

3

Social Scoring

AI classifying or ranking people based on social behaviour or personal traits, leading to unjustified detrimental treatment.

4

Predictive Policing

AI assessing risk of criminal offence based solely on profiling or personality traits. Exception: supporting human assessment with verifiable facts.

Chapter II - Prohibited AI Practices

Article 5

Page 2 of 2: Prohibited Practices 5-8

5

Untargeted Facial Image Scraping

Indiscriminate scraping of facial images from the internet or CCTV to build facial recognition databases.

6

Emotion Recognition in Workplaces/Schools

Emotion recognition in these settings is prohibited, except for medical or safety purposes.

7

Sensitive Biometric Categorisation

AI inferring sensitive traits (race, religion, politics, sexual orientation) from biometric data. Limited lawful exceptions apply.

8

Real-time Biometric ID for Law Enforcement

Generally banned in public spaces. Allowed under strict conditions: locating victims, preventing threats, identifying serious crime suspects.
